CITY GARDENS.

MAZE GARDEN-SITUATED ON THE FIFTH AVEand in the vicinity of the Crystal Paines. The garden compies we acres of ground, covered with a large growth of deciduous and evergreen trees and shrubs; adorned with arbors, fountains, and vasors; intersected by sorpentine walks,
and surrounded by grassy slopes, effectively combining the
beauties of nature and art. In the main building upon the
premises are two fine refreshment salous, commodious
pianas, and a ladies' toilet room, with constant attendants.
The most attractive feature of the garden is the mass, or
labyrinth. This is constructed after the plan of the uelebrated ore in Hampton Cours, London, formed in the early
part of King William's reign, and is the only one in this country. Its intricacies will be a source of great anusement and
enjoyment. The propristors would also respectfully inform
the citizens of New York, as well as strangers visiting the city
during the Exhibition of the Industry of all Nations, that
they have completed arrangements which will enable them
to reve the best cream, ices, and other refreshments to those
ladies and gentlemen who may honer the Mase Garden with
their patronage. Having made arrangements with Mr. Banjamin M. Briare (the sminent confectioner of the capital
city, Albany, whose selebrity for the finest cream, ices, and
confectionery is so well known in this country) for some of
the thest artisans from his establishment, they feel assured
that, with the prompt attendance of good waiters, they will
give full satisfaction to their patrons. No spiritueus liquors
or intoxicating beverages will be served. To be open every
day on and after the list of July, 1853, from 3 o'clock A. M.
till sunret. The Fifth avon w. Madison avenue and Fortieth
street stages pass on three sides of the garden, and the Sigth
avenue cars are within two minutes walk. Entrance to the
garden free.
